- ✓ Detail provided by MATC follows:

System Requirements to View MATC Courses – ADN Program

In order to view the necessary components of MATC courses, it is vital that the following items be functioning on your computer. Please keep the following information in mind:

- Laptop: Windows 7 or newer or
- Tablet: Windows 8 or newer; not Windows RT
- Apple, Android, and Google operating systems are not supported.
- MATC courses are best viewed using Internet Explorer 10 or higher.
- Check with your MATC program regarding specific hardware, software, and app requirements.
- Internet Connection: cable or DSL recommended; accessible and reliable connection
- Pay special attention to the document format required for your submitted assignment. For example, document extensions may include .doc, .docx, .rtf, .xls, etc. MATC is able to access file extensions related to Microsoft Office. The document extension determines if the instructor will be able to access and grade your assignment.
